

TESTING PHASE

Reflection and iteration planning – iteration planning

After the feedback, we gather to reflect and decide what to change.

What feedback surprised us?

What did people misunderstand?

TESTING PHASE

Reflection and iteration planning – iteration planning

After the feedback, we gather to reflect and decide what to change.

What would we change or test more?

What would make this more useful or scalable in our community?

TESTING PHASE

Reflection and iteration planning – iteration planning

After the feedback, we gather to reflect and decide what to change.

List 2-3 next concrete steps to refine or iterate on the idea.
